the_cosmopolitas Good morning lovelies ☺! How do you like my sweet bracelet from @oramajewellery? This bracelet stands for 'drive' which I think is very important for our blog, because we are on a good way to make our passion become a business and that's because we are driven by your daily support. Thank you for that! It means everything to us ☺ Just as 3 of us, many women around the globe are working hard in order to make their dreams come true and @oramajewellery supports these women by giving away 10% of with every sold bracelet to a specific woman. We feel honored to be able to support such a great project by spreading the word among our followers. Wish you all a great day ☺☺
